(310) 993-1641

EDUCATION
- B. S. Computer Science, UC Santa Barbara College of Engineering
- UC Regents' Scholar
- College of Engineering Honors Program
- Graduated in top 5% of high school class

WORK EXPERIENCE
- *GoGaucho Android Squad Project Manager:* Leading the front-end development team for the Android OS of the app GoGaucho, which serves thousands of UCSB students daily; requires an understanding of the software and valuable communication and leadership skills.
- *Front Desk Attendant, UC Santa Barbara Residential and Housing Association:* Facilitating the housing processes of Manzanita Village at UCSB, including carrying out administrative work, ensuring the security of residential buildings, and communicating with residents.

CLUBS AND SOCIETIES
- *Society of Women Engineers (SWE)*
- *Women in Stem and Engineering (WiSE)*

SKILLS
- *Technical:* Proficient in HTML, CSS, Java, and C++.
- *Management:* Administering projects for GoGaucho software development team.
- *Leadership:* Started own company while in high school. Designed ecommerce website, managed financial and day-to-day operations and created own product (jewelry).
- *Communication:* Entrusted with student-parent communications at preschool volunteer position. Learned to engage with difficult situations.
